IN THE YEAR 20XX, A SUPER ROBOT NAMED MEGA MAN HAS PLEDGED TO PROTECT THE WORLD AND DEFEAT THE FORCES OF EVIL!

100 YEARS IN THE FUTURE, A SUPER ROBOT NAMED X WORKS ALONGSIDE THE MAVERICK HUNTERS TO PRESERVE PEACE BETWEEN ROBOT AND HUMANKIND!

DAWN OF X

PREVIOUSLY...

In the Present...

The war between Mega Man and Dr. Wily is over! Dr. Wily has been cleared of his crimes, and now the Blue Bomber and the mad scientist live under the same roof.

Recently, Dr. Light unveiled his latest creation: the titanic peace-keeping robot, Gamma. But its vital energy elements were stolen by the rogue Robot Masters. Dr. Wily has joined Mega Man in the hunt for the mechanical thieves!

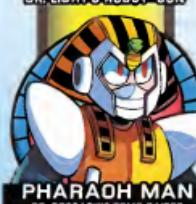

In the Future...

One hundred years from now, Dr. Light's final creation, X, has been awakened by Dr. Cain. Using X as a basis, Dr. Cain produced the first line of living robots - the Reploids!

Now Reploids coexist with humanity - living, working, and dying...

YES, WELL, NOT ALL OF US GOT NATIONAL GRANTS OR CUSHY MILITARY CONTRACTS.

ACTUALLY, SINCE I BUILT THE PLACE, IT SHOULD STILL BE A DEATH TRAP. REGARDLESS, MY WILY WALKER SHOULD BE ABLE TO DEAL WITH MEGA BRAT AND MIKHAIL'S SUB-PAR ROBOTS.

EVEN IF THEY SURVIVE, IT STILL GIVES MY ROBOT MASTERS TIME TO FINISH THE NEW BASE AND PREPARE MY BACK-UP PLAN.

POTENTIALLY DANGEROUS. EVERYTHING IN THE LAB IS SO OLD, IT SHOULDN'T POSE A SERIOUS THREAT TO ANYONE, LET ALONE MEGA MAN.

Dear Mega-Mail,
Hello.

Hi there!

I am a huge comic book nerd, & have always been a Mega Man fan, ever since he was on the original Nintendo console.

No way! We specialize in comics AND Mega Man! This must be fate!

But I must admit my real affinity is for Mega Man X. When I first realized that the most recent issue (#34) had a back-up story with the debut of X, I almost lost it. I called my brother (who also really likes Mega Man X, especially the character Zero) right away to tell him about it, and then drove to my local shop immediately, hoping they still had a copy with the variant cover. I was in luck and I loved those last 5 pages! I can't wait for #35 to come out.

Mega Man X has that effect on a lot of folks. We just can't help it because it's SO COOL! I'm glad you lucked out and were able to get a copy! If you ever miss a back issue, your local comic shop should have you covered! Call 1-888-COMIC-BOOK to find a shop nearest you!

I must insist that you continue X's story in an on-going title, or at least a mini-series with the same great artists and writer. Their styles are very true to the classic Mega Man X experience; Spaz & Herms' combination of line & color are uncannily reminiscent of the anime sequences from the games, and Flynn's plot seems a bit more mature & serious. I've been waiting for Mega Man X to come to comics for quite a while, so thank you for finally making it happen. Please consider giving him a title of his own.

M. H. sent to MegaMan@ArchieComics.com

Thanks for the letter! We'll be sure to send the words of praise to our team! We'd love to dive deeper into the Mega Man X story! In the meantime see where the Dawn of X crossover event leads, you might just love what you see!

Dear Mega-Mail,
I would like to congratulate you for doing an amazing job on Mega Man X. I am 33 years old and grew up playing the Super Nintendo games of the X series. Never had I thought someone

from America would bring the best and most faithful Mega Man X adaptation to life in comics! The artwork and storytelling was mind blowing. I felt like I was watching anime stills from a brand new animated movie. Please keep up the good work. I subscribed for the first time when when you introduced "the Worlds Collide" story arc, and now I'm looking forward to subscribing again to the whole Dawn of X comic arc. If you ever release a collected edition of Mega Man X comics in future, please release them in hardcover deluxe editions. I would not mind paying a pretty penny for each book! Believe me, there are millions of fans like me out there hungry for Mega Man X!

Best regards,
Kanwar M. sent to MegaMan@ArchieComics.com

Thanks for the kind words, Kanwar! We'll keep the X goodness coming! Hardcover you say? Hmm...

We'll see y'all next time for "Dawn of X" part two of four!
